## HOW TO GROW ROSES: DEDICATED TO THE FLOWER-LOVING PEOPLE OF AMERICA (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from How to Grow Roses: Dedicated to the Flower-Loving People of America This little book is designed to help the reader realize that by setting out the right plants of the right sort of roses this spring, cut-flowers may be had from these selfsame plants during the last days of May, with a continuity of bloom almost unbroken until the frosts of late autumn herald the approaching winter. Amateurs are now able to have an all-summer feast of roses, as well as the skilled professional, and it is the amateur s rose-garden, especially, that we have had in mind when writing the following pages. A large garden is not requisite. Two or three dozen good plants, of the modern and greatly improved sorts, properly selected, will give much enjoyment; while a garden of roses with somewhat greater variety and extent can readily be made a summer-long delight. In spring, one can have the pleasure of building aircastles about the plants. When the warm days of June arrive, these air-castles will have taken substantial form, and you may go from one plant to another, giving each a little daily attention, contrasting one proud beauty with another equally queenly, and, best of all, gathering an abundance of lovely roses. Half an hour of such tonic-toil each day is a great nerve-restorer, and, what many of those who have tried it realize, it is also food for the soul. Rose-growing among amateurs in this country is yet in its infancy. In England, before the war, nearly everyone grew roses. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is...
