# Power-Aware Computer Systems: First International Workshop, Pacs 2000 Cambridge, Ma, USA, November 12, 2000 Revised Papers

Filesize: 6.05 MB

Reviews

It is great and fantastic. I actually have read and so i am certain that i am going to going to go through once again yet again in the future. I realized this ebook from my dad and i encouraged this book to find out.

(Dr. Kayden Gerlach)

POWER-AWARE COMPUTER SYSTEMS: FIRST INTERNATIONAL WORKSHOP, PACS 2000 CAMBRIDGE, MA, USA, NOVEMBER 12, 2000 REVISED PAPERS

Springer. Paperback. Book Condition: New. Paperback. 158 pages. Dimensions: 9.1in. x 5.9in. x 0.5in.The phenomenal increases in computer system performance in recent years have been accompanied by a commensurate increase in power and energy dissipation. The latter has directly resulted in demand for expensive packaging and cooling technology, an increase in product cost, and a decrease in product reliability in all segments of the computing market. Moreover, the higher powerenergy dissipation has signi cantly reduced battery life in portable systems. While - stem designers have traditionally relied on circuit-level techniques to reduce - werenergy, there is a growing need to address powerenergy dissipation at all levels of the computer system. We are pleased to welcome you to the proceedings of the Power-Aware C- puter Systems (PACS 2000) workshop. PACS 2000 was the rst workshop in its series and its aim was to bring together experts from academia and industry to address power-energy-awareness at all levels of computer systems. In these p- ceedings, we bring you several excellent research contributions spanning a wide spectrum of areas in power- aware systems, from application all the way to c- pilers and microarchitecture, and to powerperformance estimating models and tools. We have grouped the contributions into the following speci c categories: (1) power-aware microarchitecturalcircuit techniques, (2) applicationcompiler power optimizations, (3) exploiting opportunity for power optimization in - struction scheduling and cache memories, and (4) powerperformance models and tools. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
