Paperback. Book Condition: New. Paperback. 300 pages. Hillarious - and highly instructive. A must read for anyone thinking of teaching English in France. After losing her high tech job in Paris, an American trains to become an English teacher in Frances public schools. But her Arizona English fails to impress. Even Shakespeares English falls short. Only one English will do: Sorbonne English! A comic exploration into a serious question: why DO French schoolchildren rank last for English skills in EuropeReviews THE PARIS TIMES Funny and ferocious, Sorbonne Confidential offers new insights into the challenges of integration and education in France. EDUCATION REVIEW Sorbonne Confidential illustrates how objective measures can be far from objectivea concept often difficult to see when looking only at ones own context. It illustrates how rigor by itself can distract, exclude, and alienate. By taking on an institution that began before the American Revolution, the book demonstrates how systems can develop around programs, allowing them to self-perpetuate without regard for their impact on schools and society. At some level, the book is also an argument for the power and importance of teacher education and of the need for systems that care more about creating good teachers than objectively assigning scores. THE TIMES - Laurel Zuckerman has split the academic world with a book that relates her experience at the heart of the archaic French teacher-training system. THE GUARDIAN Zuckermans account of her experience in Frances teacher training system has sparked a furious debate over the countrys uneasy approach to English. LE MONDE DE IEDUCATION - The candidate imagines that being a native English speaker constitutes an advantage. She learns rather that it is a handicap. Her tribulations are the pretext for exploring with humour. . . why French students rank last in Europe for English. LE NOUVEL...
