Excerpt: . . . years, with the option to renew for no more than five years, HHS intends for the Community to be succeeded by a private sector health information initiative. ( The first meeting of the Community was held in October 2005 ). To date, it has identified several potential 15 breakthrough areas and established four priority areas - consumer empowerment, biosurveillance, electronic health records, and chronic care management. Workgroups are in the process of being established, each with a specific charge to be accomplished within one year ( e. g. , deploy a widely available pre-populated medication history linked to the registration summary ). Milestones have been established to present findings and recommendations to the Community on a quarterly basis. HHS intends to use the results of its contracts and the Community workgroups to define future direction. The National Coordinators office intends to release a strategic plan later this year now that his management team is in place. This plan is expected to guide the nationwide implementation of interoperable...
