Life is full of complexities that the final destination of our existence cannot simply portray. Where we end up, often times gives only a glimpse of the things we have had to overcome. At the end of our journey, the nicks and scars left upon our existence, though painful at the time, are often the precise instruments that have shaped us into what we have become. Libby is a woman who realizes just this. Like many of us, her life begins filled with the playful joys that sparked most of us through her younger years. Through trial and tribulation, she learns life's most valued lessons, from some of the most unlikely places. In Libby, we can all realize a little more about what makes us who we are. The importance of the journey each of us is on far outweighs the destination of our lives. In that journey, we all have the ability to enjoy the sweetness of the grapes of our life. We only have to have the courage to taste them.
